PREFACE

FACTS ABOUT DURHAM, NORTH CAROLINA (AS OF JUNE 1st, 1926, FURNISHED BY THE CHAMBER OF COMMERCE

Population, Census of 1920.....	21,719
Special U. S. Census, September 24, 1925.....	42,258
Estimate of U. S. Census, 1926.....	43,900

Sixty-one years ago on a beautiful April day there gathered around a cheerful camp fire at a little spot between Greensboro and Raleigh the soldiers of the Blue and the Gray. A stranger would have thought by their gaiety, games, foot races, horse trading and general behavior that a spring festival was being celebrated. But why this place? This was the spot set aside as neutral ground between the armies of General Sherman and General Johnston just before the close of the War Between the States. This place was called Durham's Station in honor of Dr. B. L. Durham, who gave the land for the railway station. Ordinarily, about two hundred people resided at this little station. But on this memorable spring day thousands of men swarmed the woods in this vicinity. General Sherman's army camped just to the south of the station, and General Johnston's about three and one-half miles west, at the Bennett Place. Soldiers from both sides met at Durham Station and had a genuinely good time. They found a frame house just a little way from the station full of tobacco that had been manufactured by Mr. John R. Green for the soldiers in gray. The house was sacked and men from both sides filled their pockets with smoking tobacco.

After Johnston had surrendered to Sherman at the Bennett House, the soldiers scattered in every direction. Some lived in Texas, some in Maine. So it happened that later Mr. Green's tobacco went "express prepaid" from Maine to Texas. When the tobacco carried away began to give out, these men began to feel a desire for more of the "celestial weed." Thus it happened that the railroad agent, postmaster and other officials around this little burg began to receive letters from various places asking for more of that Durham tobacco. Mr. Green was quick to see his opportunity, and accordingly began to manufacture more tobacco and call it "Durham Smoking Tobacco." He adopted the Durham bull as his trade mark. The story of the subsequent litigation over this trade mark need not be told here. Suffice it to say "Bull Durham" won out and still survives. After the death of Mr. Green in 1869, Messrs. W. T. Blackwell & Company purchased the business. Fresh capital was applied and the tobacco business took on the big boom that has never ceased. The sign of the "Bull" is seen around the world to-day.

After the war Durham's population rapidly increased. The station became a town and was incorporated by the act of the General Assembly, ratified April 10, 1869. At the time the above bill passed the General Assembly the town of Durham was in the county of Orange. Exactly twelve years later a bill for the establishment of Durham county was ratified by the people, having been introduced in the General Assembly by the Honorable Caleb B. Green. A slice of Orange and a slice of Wake went to make up the county. Just a few years ago another part of Wake was cut off and handed over to Durham in the form of Carr township.

From this small beginning Durham has grown into a thriving, progressive, wide-awake city. Its importance can best be gathered from the information which follows:

AREA: 12.8 square miles.

BANKS: Nine banks with combined capital and surplus of \$2,709,000.00. Annual clearance of \$82,000,000.00. Annual debits to individual accounts, \$245,000,000.00.

CHURCHES: Seventy-four churches, embracing practically all denominations.

CIVIC ORGANIZATIONS: Rotary Club, Kiwanis Club, Lion's Club, Woman's Club, Business and Professional Women's Club, Durham Merchants' Association, Durham Chamber of Commerce.

CLIMATE: Equable. Annual mean summer temperature, 71.3; winter, 48.4. Sixty-two per cent sunshine days. Annual rainfall, 47.19 inches. Annual snowfall, 10 inches. Prevailing westerly winds.

COLLEGES: Duke University (formerly Trinity College) is destined to be one of the great universities of the country. It has funds available for physical equipment, which will make it rank fifth in value in the United States, being exceeded only by Harvard, Yale, Columbia and the University of Chicago. Its endowment at the present time is \$25,000,000.00. Buildings, valued at \$4,000,000.00, are now under construction and additional buildings contemplated will exceed \$15,000,000.00 in cost. The university is open to both men and women, and in 1925-6 had an enrollment of 1,400.

There is also located in Durham the Durham State Normal College for colored people. (Enrollment 1925, 300.)

One of the best assets of Durham is the University of North Carolina, one of the leading universities of the South, which is located at Chapel Hill, ten miles from Durham. There is a concrete and asphalt boulevard from Durham to Chapel Hill. Enrollment for 1925, 2,600.

COUNTY ESTABLISHED: 1881.

COUNTY: Durham is the county seat of Durham County, which was created in 1881 from parts of Orange and Wake Counties. While Durham is not a large county it is the center of the famous bright leaf tobacco belt. About 15,000,000 pounds of tobacco are sold each year on the Durham market. Tobacco is the principal money crop, although cotton, corn and truck are also important. The county has good roads and splendid schools and churches.

EDUCATION: Durham is recognized as being one of the leading educational centers of the South. Its colleges and university, its public school system, its schools of music and its business school are rated among the best in the South by leading educators. (See Colleges and Schools.)

FIRE PROTECTION: Durham has a well equipped fire department with four stations and paid personnel, giving Durham first-class insurance rating.

GOVERNMENT: Durham has had the Council-Manager form of government since May 4, 1921. It is admitted to be one of the best governed cities in the State.

HEALTH: Durham has a well organized Board of Health, with thirteen employees, charged with supervision of health conditions in the entire county. It has been remarkable successful in its work. The white death rate for 1925 was only 10.1 to the 1,000. The death rate for both races was 13.3. The birth rate was 30.7. Milk, meats, water, markets, dairies, hotels and eating places are carefully inspected. (See report of Board of Health, 1924, for more detailed information.)

INDUSTRIES: Durham is the second largest industrial city in North Carolina, its output of manufactured products being valued at more than \$100,000,000.00 annually. It has large tobacco industries, manufacturing such well-known brands as Duke's Mixture and Bull Durham smoking tobaccos, and Piedmont, III, Chesterfield, Lucky Strike and Sweet Caporal cigarettes. It is the home of the Durham Hosiery Mills (manufacturers of the Durable Durham Hosiery, the largest manufacturers of hosiery in the world), and the Golden Belt Manufacturing Company, the largest small bag manufacturers in the world. There are also manufactured in Durham Erwin and White Star sheetings and pillow cases, Glasgow Zephyrs gingham, chambrays and cheviots, Virginia-Carolina fertilizers, Occoneechee, Peerless and Climax flours, silk shirtings, and sport goods, novelty fabrics, blank books, castings and iron products, cigars, harness, bread, ice, mattresses, brick, overalls, wagons, building materials and proprietary medicines. On account of nearness to source of raw materials, cheap electric power and its transportation

facilities, Durham offers unexcelled opportunities for the location of industries.

HOSPITALS: Watts Hospital (white), one of the finest hospitals in the South. Value, \$1,250,000.00. 165 beds. Personnel of 17 physicians and 48 nurses. Lincoln Hospital (colored). Value, \$150,000.00. 100 beds. Personnel of 8 physicians and 21 nurses.

HOTELS: Durham is unusually well provided with hotel facilities. The Washington Duke is one of the finest hotels in the South, having been constructed at a cost of more than \$1,500,000.00. It has 300 bedrooms, all with bath. Other hotels are the Marlbourne, Savoy, New Lochmoor and the Church Street. Total of 650 rooms.

LOCATION: Durham is situated in the geographical center of North Carolina, a few miles north of the center of population of the State. Its terrain is slightly rolling and well drained.

POPULATION: The Federal census of 1920 gave Durham a population of 21,719. On April 1, 1925, the corporate limits of the city were extended and the population of the city as shown by Special U. S. Census was 42,258. The Census Bureau estimate for 1926 is 43,900. Native born white 63.9 per cent; colored, 35.2 per cent; foreign born white 8.10 per cent. Within a radius of 25 miles of Durham there are 160,000 people; 50 miles, 550,000; 100 miles, 1,900,000.

PUBLIC UTILITIES: Durham has public utilities furnishing street car, gas, telephone and electric current service. These utilities will compare favorably both in cost of service and in efficiency with those in other cities of similar size.

RECREATION: Community recreation under supervision of Playground and Recreation Commission, supported by public taxation. Two parks containing swimming pools, tennis courts, etc., and several large playgrounds maintained by industrial plants for the use of employees. Golf course with eighteen holes. Tennis and gun clubs. College football, baseball, basketball and track are always available. The schedules of Duke University and the University of North Carolina afford Durham citizens the opportunity of seeing some of the best college teams of the East and South in action. Durham also has a professional team in the Piedmont League.

SCHOOLS: The public school system of Durham is nationally known for its equipment, high scholastic standards and progressive policies. In addition, the Durham School of Music and the Southern Conservatory of Music rank among the leaders in their field. The Durham Business School is a fully accredited class "A" institution.

SOCIAL: The Piedmont Club affords its members all the advantages of the most modern social club. Two motion picture theatres for white and one for colored. One vaudeville theatre. A theatre and auditorium, seating 2,200 was completed in February, 1926.

SOCIAL AGENCIES: Young Men's Christian Association, Young Women's Christian Association, Salvation Army, Red Cross, Travelers' Aid, King's Daughters, Board of Charities and Public Welfare and Wright's Refuge for Children.

STREETS: Durham is to-day one of the best paved cities in the State, and several hundred thousand dollars are being expended each year for street paving. The white way lighting system in the business district is admitted to be one of the best in the South.

TRANSPORTATION: Durham has five lines of railroads, radiating in seven different directions. It has two lines of Southern Railway, the Seaboard Air Line Railway, the Norfolk and Western Railway, the Durham and Southern Railway and the Norfolk-Southern Railroad. These railroads afford unusually good freight facilities. Durham is also on the National Highway and the Central Highway—the principal routes between the North and South and between the East and West. Excellent bus service is maintained between Durham and Raleigh, Henderson, Oxford, Roxboro, Greensboro, Chapel Hill, Pittsboro and Siler City.

TAXES AND VALUATION: In 1925 Durham had an assessed valuation of \$70,000,000.00, and a city tax rate of \$1.40 on the \$100.00. The county of Durham had a tax rate of \$1.10 on an assessed valuation of \$82,000,000.00. Property assessed on 75 per cent of true value. No property tax is levied by the State.

The Association of North American Directory Publishers is composed of rep table City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First: The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employees.

Second: To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third: To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth: For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

All members of this Association have subscribed to the following

STANDARDS OF PRACTICE

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories and reference media contain; to study public needs and make Directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the Directory and reference media be made to serve their fullest use as business and social reference books and Directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicly upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories and reference media in public service and then to strive in every legitimate way to promote that function.

\$100 reward will be paid by the association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or fake Directory.

Hill's Southern Almanac

1927

Published in December, 1926

Covering Virginia and North Carolina with unrivaled weather predictions for over thirty-four years.

Sold in quantity lots, your advertisement occupying outside back cover, for distribution to your trade—chiefly to the farmer, interesting his whole family.

Do you cater to the country people? No better medium known. Rates gladly furnished.

General Offices: 524-528 Broadway, Corner Spring St., New York City

The Association of North American Directory Publishers is composed of rep. table City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First: The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employees.

Second: To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third: To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth: For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

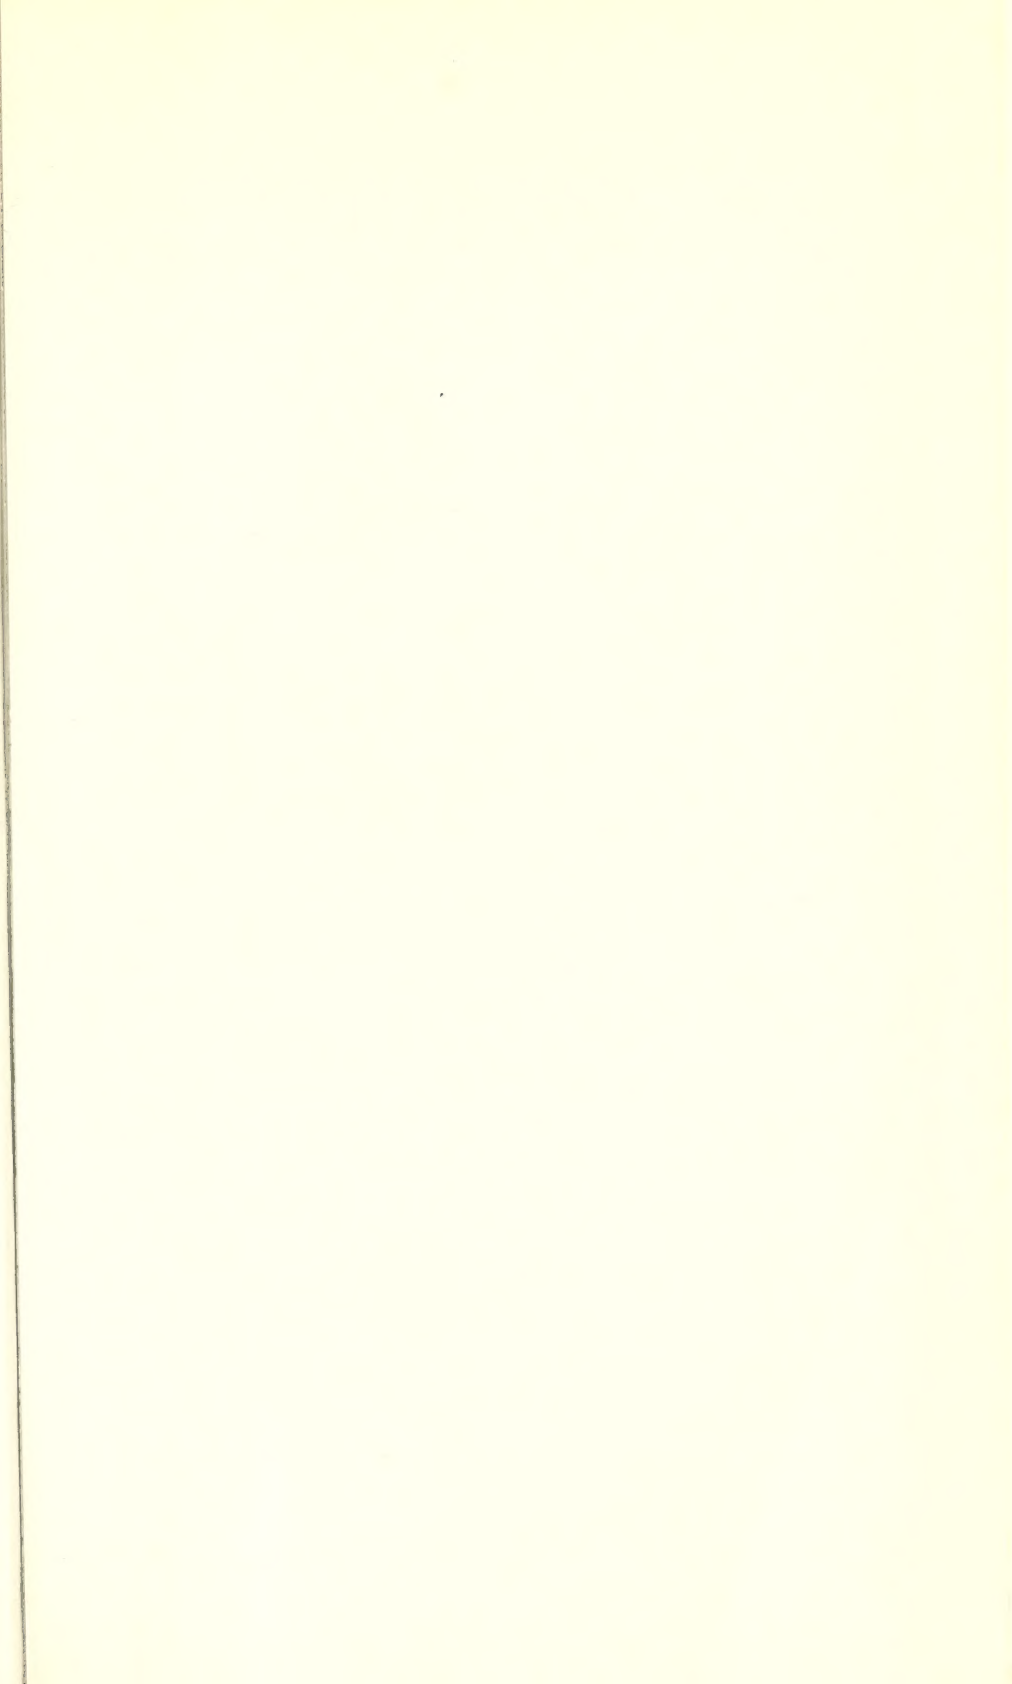

All members of this Association have subscribed to the following

STANDARDS OF PRACTICE

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories and reference media contain; to study public needs and make Directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the Directory and reference media be made to serve their fullest use as business and social reference books and Directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicly upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories and reference media in public service and then to strive in every legitimate way to promote that function.

\$100 reward will be paid by the association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or fake Directory.
